

## **As usual, the deceived world turns against Israel**

Tuesday, June 1st, 2010

‘Oh, it’s just unbelievably obscene how the murderous Israeli commandos dropped onto an innocent ship, Mavi Marmara, only carrying 10,000 tons of humanitarian aid, human rights activists, mothers and doctors, headed for Gaza. This ship just wanted to bring aid to help the 1.5 million people, hovering between life and death and desperate.’ There is only one teensy weensy problem with the above statement which reflects most of the world right now. IT IS AMAZINGLY UNTRUE, DISTORTED, AND A BOLD LIE. Regardless of that, the Obama, bottle fed media in our country and throughout the largely anti Semitic world, accepts any news that can be manipulated to slam and slander Israel. Who cares if it is vividly untrue and totally taken out of context?

Just the real facts Ma’am

The ship that was attacked by Israeli Navy commandos was part of a Gaza flotilla of armed activists. The world media machine says they were humanitarian, unarmed peace keepers just waiting to give food to the needy. According to the facts, that is BULL ROT! This ship was part of a six-ship flotilla, allegedly carrying aid as their cover. No doubt there were all kinds of military weapons and bombs, as usual trying to sneak their way into Gaza.

Israel had already warned Turkey, (a radically controlled Muslim country now) not to try and send ships to the Gaza but they ignored Israel’s clear warnings. Israel knowing the constant effort of getting arms into Palestine, radicals, exercised their need and right to stop the ships. Their goal was to take the 6 ships over and turn them around, not kill anyone.

An Israeli spokesman said that some of the commandos were equipped with paintball guns, but they found using non-lethal weapons was not enough when guys on the ship started attacking them with metal sticks and knives, then shooting at them. A defensive fire fight occurred and 19 on the ship were killed, while 7 commandos were hurt.

How is it that the U.S. media, our President and a good chunk of the world media, immediately started throwing out the headlines such as: “Israeli Murderous Action” “Bloody Israeli raid on flotilla sparks crisis” and “Israeli commandos attack civilians on Turkish ship carrying aid?”

The bottom line plain for the world to see is that Israel is chronically and constantly under attack by her Muslim neighbors and the anti Semitic flavor of much of the world. Iran, Hamas, Hezbollah and other Muslim radical groups continue to scheme, plan and spawn attacks against Israeli citizens. Israel has caught gun and bomb shipments going to the enemy to attack her people for decades. That is a known fact.

WHY WOULD ISRAEL NOT STOP AND EVEN ATTACK ANY SHIPS GOING INTO GAZA UNDER ANY PRETENSE, NAME OR CAUSE?

Israel has continued to give away land, food and aid to Palestinians for decades. IT DOESN'T MATTER, KILL THE JEWS.

Israel started her journey in 1948 by offering the Palestinians a two state solution, side by side. THEY REFUSED. IT DOESN'T MATTER, KILL THE JEWS.

Israel has a verified history, though attacked from all sides, since 1948, of responding with thought out, measured, surgical and humane strikes. IT DOESN'T MATTER, KILL THE JEWS.

Israel only wants peace and safety for her citizens and is quite happy to allow others to have their belief and religious systems within their country and surrounding their country. They just prefer not to be attacked and murdered. IT DOESN'T MATTER, JEWS DON'T GET TO HAVE RELIGIOUS RIGHTS. FIND THEM AND KILL THEM.

The progressive left, Obama and Jimmy Carters of the world can kiss my grits! Israel has always been our best friend in the Middle East and committed to freedom and peace. We continue, along with the world media machine to betray them with the actions of this administration. Shame on them all. The truth is out there if you dare to find it.
