Re: Presidential 'Fishy' Email 'SNITCH' Program

Dear Senator Cornyn:

We as sovereign citizens appreciate your efforts to stand up to current inimical conduct and tyranny from elected officials in our government from the highest paid positions. The chilling responses by our elected officials to deny the exercise of constitutionally protected rights and freedom to express opposing views vis-a-vis a forced, socialized, healthcare agenda by the current administration, taking place on a daily basis, has gotten out of hand; therefore we support such courageous responses as your recent letter to President Obama calling him out on the "fishy" email "snitch" program, which, by the way was recently denied by President elect Obama and W.H. Press Secretary Gibbs in their latest press conferences.

The level of mendacity and duplicity emanating from these hypocrites in our executive branch of government is blatant, obvious and unacceptable. Consider this formal notice. Americans are extremely unhappy with current policy trends, the status quo, and we're not going to take it anymore.

Thank you, Sen. Cornyn for standing up for all citizens and their First Amendment rights! This kind of leadership and standing for the citizens is rare, sincerely appreciated, and very important to take back our nation from the "thugocracy" which has put our nation on a fast track to destruction. We stand behind you 100% and with others in these acts of courage.

Blessings to you and yours as we seek a peaceful return to organic constitutional principles, honoring and protecting the sovereign rights of all Americans by saying no to this and all forms of oppression and tyranny.

Respectfully,
