

Dear Senator:

If you are planning to vote NO on the healthcare bill, bravo for you!
You have our undying thanks.

By an overwhelming majority, the American people have said that they do not want a government-run health care plan. Rest assured that you will NOT be re-elected if you vote for this. Our main goal in life will be to eliminate all RINOS from congress and to recall anyone else who votes contrary to the will of the people.

Any elected official of mine who votes for this bill would be committing political suicide. If you are one of those people, go ahead and make my day, but first be advised of the following:

1. We expect the bill to be READ publicly in its entirety BEFORE voting.
2. Anyone voting YEA is expected to SIGN A PLEDGE TO DROP THEIR F.E.H.B.P. / CONGRESSIONAL HEALTHCARE PLAN AND AGREE TO ENROLL THEMSELVES AND THEIR DEPENDENTS INTO OBAMA'S PLAN.
3. WHILE YOU ARE AT IT, DROP YOUR CUSHY RETIREMENT PLAN AND AGREE TO SOCIAL SECURITY COVERAGE LIKE EVERYONE ELSE.

Obama says all pre-existing medical conditions will be covered. What a load of BS. This will make health costs skyrocket, not go down, and fill doctor's offices and hospitals with people waiting in line for healthcare.

Have you asked yourself why Obama wants the new plan to cover some 20 million illegal aliens? It's very simple. Compassion is not his motive. For the same reasons he's willing to throw older folks under the bus, and enlisted the ACORN thugs to help with the census, he's counting on garnering 20 million illegitimate votes for himself. He cares more about Obama's liberal agenda than Americans. Well, guess what? He is not fooling anyone, and we are not going to let him get away with it. Neither should you!

WE ARE MAD AND WE ARE NOT GOING TO TAKE IT ANY MORE. VOTE ACCORDING TO THE WILL OF THE PEOPLE OR GET OUT OF THE WAY!
